

# **Park Elementary School Community Council Minutes**

**April 1, 2021 @ 3:15**

## **Library**

### **1. Welcome**

- Attendance: Lindsey Hughes, Paul Webb, Courtney Sterner, Jandel Christensen, Sydney Carlson, Jodi Mattinson, Bruce Elliott

### **2. Approve minutes from the previous month (February 23)**

- **Hand out printed copy of minutes**
- **Motion to approve** – All in attendance approved
- **Second** Sydney Carlson, second – Jodi Mattinson
- **Vote** (All approved)

### **3. Student Wellness Policy Discussion (Bruce Elliott)**

- Things we are doing here at Park: Healthy lunches, reduced screen time at home plan, Internet safety week, NOVA, fruit and veggie program, P.E. teacher at the school, food trucks.
- Employee wellness climate: wellness activities offered. Insurance run wellness plans: all teachers are on track this year. Challenges are offered to help teachers feel inclined to participate.

- Areas for improvement for students and employees: (?) We feel they are doing pretty well. Try not to use candies and sweets as prizes for doing well, instead we should be using other things like pencils.

#### **4. Next year's school improvement plan**

- Reading will increase by 1%, math performance will increase by 1 %, and will continue in the same fashion over the next few years.
- We will continue in CSI status for one more year.
- Action plan: pretty much the same as last year. The bulk of our money goes to technicians so that we can help all students to achieve one year's worth of growth.

#### **5. Parent/ family involvement**

- Can we have summer books? Answer: unclear at this moment. Can we use Iready over the summer?- Answer: YES!
- Can we create Panther parent jobs for each classroom, where parents do not need to come in, but can help in their own ways/ over technology.

#### **6. Goals for next year**

- Better pull through system for cars at the back of the school.
- Follow the new plan that we have attached.

#### **7. Discuss budget use**

- Technicians, subs, technology, professional development, supplies and materials are the main uses of our money. There is a huge chunk of the money going to the technicians.
- We can give the kindergarten the rest of the touch Chromebooks, so we are one to one in the whole school.

## **8. Motion to adjourn**

- Nate Holt
  - **Second**
  - Paul Webb
  - All are in favor
- 
- Sydney – Year 1
  - Jodi – leaving
  - Paul – year 2
  - Jandel – Year 2
  - Valeri – Year 1

**There are no more meetings after this one!**
