3. Current School plan

- School community council responsibility. We reviewed our responsibilities and found we were unsure of what the child access routing plan. It turns out it refers to kids walking to school. We will discuss it next month.

- Positive behavior intervention and supports is PBIS and we have already discussed what that looks like in our school.

- We also reviewed the literacy school improvement plan goals.

- We want kids to stay on task → Motivator systems to help kids to stay on topic.

- Sending home monthly books in all grades might help kids to read at home.

- We covered literacy – we will talk about math goals next month
